

## Certificate of Conformity with the Taint and odour Requirements of EC Regulation 1935 (2004)

**Certificate no: 2006/3273A**

**Product Name:** HD 5403 EA

**Date of Issue:** 3 November 2006  
**Reissued:** 22 February 2017

**SMP Ref No:** 06A12J1788

**Manufacturer:** Sidi Kerir Petrochemicals (SIDPEC) Egypt  
 El Amerya  
 Nahda Territory  
 Alexandria  
 Egypt

A sample of the above product has been tested for sensory analysis (taint and odour) using methods BS EN 1230-1 & 2; 2001, with the test conditions listed below.

| Taint test<br>Test Food        | Test Conditions |         |
|--------------------------------|-----------------|---------|
|                                | Duration        | Temp/°C |
| Milk chocolate; direct contact | 2 days          | 23°C    |

| Odour test<br>Test Conditions |         |
|-------------------------------|---------|
| Duration                      | Temp/°C |
| 1 days                        | 23°C    |

The taint and odour results obtained showed that the product did not transfer substances to the test food causing it to become tainted.

***The above product was therefore found to be in compliance with the taint and odour requirements of EC Regulation 1935 (2004).***
